STANLEY POWER TOOLS
DIVISION OF THE STANLEY WORKS
NEW BRITAIN, CONNECTICUT, U. S. A.

STANLEY SERVICE STATIONS

The following Stanley Service Stations are strategically located to assist you whenever you need parts or service for your Stanley Portable Power Tools. They are authorized to conform to our guarantee policy.

When you send them a tool to be repaired, please prepay transportation charges and also send instructions as to what you want done. That will eliminate possible delay in a tool getting back to you in proper operating condition.

Alabama	Birmingham 3, Birmingham Elec. Battery Company, 2230 Second Ave., South
Arizona	Phoenix, Reliable Electric Co., 2530 West McDowell Road

STANLEY'S "120" GUARANTEE

Over 120 years of experience stands behind every quality Stanley product.

Every Stanley Power Tool product has been carefully inspected before shipment and we guarantee to correct any defect due to faulty material or workmanship. Our obligation assumed under this guarantee is limited to making replacement of any part or parts that our examination proves as being defective and which parts have not been misused nor improperly handled. The complete unit must be returned, transportation charges prepaid, to our factory in New Britain, Connecticut, or to our nearest authorized service station for examination.

We reserve the right to decline responsibility when repairs have been made or attempted by others. This is the only guarantee (under any warranty, express or implied). None other is authorized.

Stanley Power Tools which meet the requirements of Underwriters Laboratories and Canadian Standards Association carry their label of approval.

INSPECTED AND TESTED — Stanley Power Tools are mechanically and electrically correct. Before leaving the factory all tools are carefully checked against specifications and rigidly inspected for material, machining, and accuracy. After inspection the tools are subjected to running tests.
